

## **Membership Training Needs Survey 2011-2012 (December 16, 2011)**

The NCSSSA Training and Succession Planning Committee is once again conducting a survey on the training needs of state administrators. We are seeking individual responses not only from the named and working state administrators, but also any person who works with 218 and state and local FICA / Medicare, in other words, all your staff as well. We will use the results of this survey to focus our training and succession planning efforts.

The survey is brief, so please take a few minutes to help us provide the services you desire. The survey is available at: <https://www.surveymonkey.com/s/HRGZ2XP>

Again, please share with all personnel that work in this area. Multiple responses from each state are encouraged. Identifying information is needed for that purpose, but responses will remain confidential. The deadline for completing the survey is January 20, 2012.
